## DETAILED ACTION

### *Information Disclosure Statement*

1. The information disclosure statement (IDS) submitted on November 24<sup>th</sup>, 2004 has been considered by the examiner.

### *Allowable Subject Matter*

2. Claims 1-15 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The limitations of independent claims 1, 12, and 13 do not appear to be found in the Prior Art of Record. The prior art of record does not teach or suggest in the claimed combination a method of handling software locks comprising a second process for handling **communal software locks (CSWL)** in combination with the claimed limitations.

After careful review of the IDS submitted on November 24<sup>th</sup>, 2005; particularly the Varti et al. (5,678,026) reference and the Final Rejection of S/N 09/925,592, the Examiner has concluded that the Prior Art does not teach "Communal Locks" as defined by the specification of the instant application (see Page 7 of the Specification). In view of the definition of this term (communal lock) as presented by Applicant, the Examiner finds the claims of this application allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
